THE DEMOCRATIC CONVENTION of this county was in session last evening. Mr. Duffy presiding, and Mr. Cavanaugh acting as Secretary. A great many ballots were had for the first nomination in order—that of State Senator—resulting in each case with a vote of eight for Elstner and eight for Gardner. Up to 10 o'clock every effort to change the order of proceedings was ineffectual.

HIGHWAY ROBBERY.—A man named Charles Peg was robbed, night before last while on his way hither, via the east side of Washoe Lake from Reno. He thinks the robbers were Mexicans. They took from him \$56 50. He came in here late at night on horseback and reported as above to Sam. Hodgkinson, night watchman, who informed us. Peg came this way journeying toward Santa Rosa, California.

REMEMBER that the adjourned meeting of the Republican Club of Ormsby county will be held at the County Building, on to-morrow, Monday, evening at 7 o'clock. Come all who desire the success of the Republican cause.

DEMOCRATIC REPUDIATION DOCTRINE.

Says the Sacramento Union of Tuesday:

Senator Thurman is reported in a late Ohio speech, to have taken the ground that the Thirteenth, Fourteenth and Fifteenth Amendments to the Constitution of the United States were not legally adopted. This is carrying the Democratic war back to first principles. If the Thirteenth Amendment is not valid and binding, then slavery is not abolished legally abolished, and every slave set free under it may be caught and re-enslaved again as soon as the Bourbons regain power in Congress, the Courts, and the Presidential office. Either this general re-enslavement or else compensation for the lost negroes, is what Thurman and his sort are laboring for. They would have the loyal people of the North, who gave their property and blood to save the Union from traitors, now taxed to grinding poverty to make good the losses of these slaveholders, caused by their own wrong. We have always accused the Bourbons of cherishing some such a game as this, and Thurman has already confirmed suspicion.

AN EXTRAORDINARY WEAPON.—The San Francisco Chronicle, which is a wicked, "undignified" paper goes for the Alta in the following style:

The Alta reporter discovered at the Merchants Exchange on Monday a very curious cannon, containing some novelties and requiring certain management, very interesting, indeed. The piece we are told, is "loaded by removing the breach-pin," a process the economy of which will immediately be appreciated. No powder, no shot required; it is loaded simply by removing the breach-pin! Which pin is "retained in position" by the reporter's night latch key. He calls it an "eccentric" key, which is a mild way of putting it. One of the most extraordinary particulars concerning the gun we now quote with unbounded astonishment: "The piece is fired by means of the vent." The mind stands appalled at the gigantic strides made by science, since the days when the youthful Alta man used to fire his cannons by poking a red hot poker down the muzzle. The wonderful engine of destruction is appropriately called a "Pitter."

OLD ORMSBY IN LINE.—From the tone of an article in the Carson Appeal of the 2d we are satisfied that the only hope any Republican candidate has in that county is in "swapping" with Democrats. Our advice to Democrats everywhere is, to stand firm to the ticket and to the last man on it. Every officer, no matter how insignificant, filled by the opposition, strengthens your enemies to that extent.

By way of putting this over a reverse curve, we suggest to our Republican nominees that the only hope left to the Democracy is that they may be able to "swap" with Republicans. "A word to the wise" &c.

FELL DEAD.—From Eureka we learn that on Saturday night last a man named L. Smith, while in a dance-house, got in a quarrel with another man, and while taking off his coat for a fight dropped dead. It is thought that he died of disease of the heart. The coroner's inquest had not been held when our informant left. [White Pine News Oct. 4th.]

EXTRAORDINARY ATHLETIC FEAT.—The jumping match for a \$1,000 and the championship of America, came off at Butterfield's driving track, near Utica, New York, on Friday afternoon, the contestants being Edward Sarles, of Sing Sing, and Charles H Loomis, of the latter city. The challenge was accepted by Loomis, after ascertaining that Sarles had carried off the laurels from "Bob" Way (the then champion jumper) by a jump of thirteen feet two inches, made at a regular match at Binghamton, New York, on the 30th of last July, which was chronicled in the Herald at the time.

The affair on Friday was witnessed by several hundred spectators including many "sports," nearly all of whom bet their "bottom dollar" on Loomis, whose victory they regarded as certain. After the preliminaries had been arranged, Loomis jumped first and covered thirteen feet one inch and a half. Sarles followed springing over a space of 13 feet five inches and three quarters, beating his best practice and making the longest spirit level stand-jump on record. After several ineffectual efforts to emulate his rival, Loomis acknowledged his defeat.
